On the cover: For the next five years, Wichitans and art lovers from all over will sorely miss the 26 x 52’ mural "Personnages Oiseaux" by Joan Miró that has greeted students and visitors to Wichita State University's Ulrich Museum of Art since 1978. The museum began the deinstallation work on September 27, 2011 as the first stage of a five-year conservation effort. It is presented here as a reminder of the precious nature of art, and its ability, like language, to 'build bridges' between cultures and peoples.

Welcome to the 2011 KSWLA Conference!

Your KSWLA Executive Council welcomes you to Wichita for our annual conference. We are excited to see you all again and meet new friends. To anyone joining us for the first time, welcome; we hope that you enjoy yourself, and that you will continue to attend our conferences each year. To those of you returning, welcome back. We hope that you enjoy this year’s conference.

Excitement has filled the air as the Executive Council met each month in preparation for this year’s conference. We have worked hard to bring you a noteworthy conference. Without our members helping to present sessions, we would not be able to have a successful conference. We thank those who are presenting this year for all the time and preparation that went into each session.

I am excited about our keynote speaker this year, Lisa Lilley. Lisa is well known around the Midwest and nationally. We are excited to have Lisa presenting not only on Saturday but Friday night as well. Lisa will be presenting a workshop on Friday night. She will be discussing how to load up on our power tools for teaching a world language. On Saturday, she will be discussing how to use projects to teach students a world language. Make sure to attend both of Lisa’s sessions on Saturday.

We once again will be working with the University of the Pacific to make available graduate credits for those wanting to participate; stop by the registration table for more information. Be sure to stop by and check out our vendors. There will be opportunities for meeting them and seeing what they have to offer each of you. Please welcome them and take advantage of their knowledge and expertise.

Our business meeting will be Saturday morning. At this time we will present our candidate for president-elect. We also have some items of interest to discuss. Also on Saturday, we will have our annual Awards Luncheon. We have some very deserving awards to present to well-deserving individuals. I hope that each of you have taken advantage of our organization’s website. I would like to thank our Webmaster, Chuck Thorpe, for all that he does for KSWLA. The website is a wealth of resources and information all year long. It is a great way to keep in touch with our colleagues all year long. In our attempts to go green, we are utilizing our website more and hope that you will continue to visit the website and use it throughout the year.

I would like to close by saying thank you to the Executive Council. Megan Buell, our vice-president, has done a great job organizing the sessions for the conference. Alyson Kilcoyne, our secretary, has done a fantastic job of keeping up with our meetings and setting up the vendors for the conference. Leah McKeeman, past president, has been a wonderful resource with her knowledge and guidance. I would also like to thank Michele Barbian, treasurer, for the countless hours she works to make sure that we stay on track. My deepest appreciation to Ann Gabelmann for her hard work as our executive secretary making sure that our membership is contacted. Also thanks to Phyllis Pfarrar as our liason with KSDE and for her expertise and guidance. Thank you to everyone who works hard to make KSWLA a success!

Sincerely,

Mary Smith
KSWLA President

Have you ever been frustrated when the time invested in a project far surpassed its learning outcomes? Project-Based Learning (PLB) can lead to stronger learning when students are engaged and motivated to answer a question or solve a problem through authentic learning activities and employ 21st century skills.

In the first part of the workshop, you will get an overview of PBL and see several project examples that can be adapted to different languages and levels. You’ll also investigate different approaches to assessment. In the workshop's second part, you will explore captivating tech tools and numerous additional resources. And finally, you will be guided in restructuring a project or activity you currently use in order to boost its potential to create deeper learning that lasts for your students.

Lilley has in many ways greatly changed my life. She encouraged me to fight my hesitations and fears. She is by far the greatest teacher influence I have ever had.” Another student: “... Spanish has become a passion for me, and no other teacher has contributed nearly as much to that passion than Sra. Lilley.” And another: “My trip to Costa Rica was the single most empowering event that occurred during my adolescence. ... I cannot imagine my life without Spanish and I owe that to Lisa Lilley.”

### THEMED WORKSHOPS (FRIDAY, NOVEMBER 4th, 6:30 - 8:00 PM)

**Creating Performance Assessments**  
*that Lead to Proficiency (Pt. I)*  
Presented by: **Diane DeNoon**  
Location: **Topeka**

This will be an introductory workshop session, the first part being presented Friday evening and the second part on Saturday. Participants will learn about the principles of quality-performance assessments and how they drive the instruction for a unit. The presenter will guide participants in creating a set of performance assessments for a typical course unit that can be used regardless of textbook or language. Teachers will collaborate by course level, with step by step guidance from the presenter. Levels and topics will be decided in advance of the workshop based upon the courses that participants are currently teaching. A minimum of three participants for a course group, such as three level 1 or three level 2 teachers will be required in order to offer this workshop. Teachers who would be able to continue collaborative work – either virtually or in person – during the rest of the year should consider attending this workshop together. Participants will need to bring a laptop computer with wireless capabilities.

**Tools for the Teacher's Toolbox**  
Presented by: **Lisa Lilley**  
Location: **Kansas A & B**

Move over Craftsman and Black & Decker! Teachers want power tools that can really rev up their students! Fill your toolbox with a dozen of Lisa's all-time favorite activities that promote students' communicative competency. We'll also discuss philosophies and approaches to language learning so that teachers can power up these activities to do much more than just flush out a lesson plan.

**Tips and Tricks for Teaching (Mostly)**  
*in the Target Language*  
Presented by: **Phyllis Farrar**  
Location: **Wichita 2**

National standards set a goal of 90% of instruction in the target language. It can be done by establishing routines on Day 1, using prior knowledge, scaffolding activities, and crafting comprehensible input. Borrow from a ‘mature’ teacher’s bag of tricks to build your confidence and to experience a new joy in teaching. This session will help you justify the practice to doubting students, parents, or administrators.

Newton, Kansas

Originally from Ashland, OH, Nora began to study French in junior high in Colorado Springs, CO. She continued to study French throughout high school, graduating in 1970. From there she went to the University of Northern Colorado in Greeley, where she majored in French and minored in Russian. She graduated in 1974 summa cum laude (3.97 GPA). From January to June of 1973 Nora took time from her studies to serve as an assistante anglaise (assistant English teacher) at the CES Monplaisir, a junior high school, in Montauban, in southwestern France. She traveled extensively during school vacations and for two more months, returning home just in time to start classes in the fall. She took graduate-level French classes at Wichita State University between 1990 and 1997 and went on to earn her MA in French and Francophone literature at the University of New Mexico, in 1998 (4.00 GPA).

Nora taught half-time in Wisconsin for five years before moving to Wichita in 1987. After 6 months as a long-term substitute, at Wichita High School South, she held the French position at Wichita High School West from 1988 to 2001, where she also served as Chair of the Foreign Language Department. Nora has been teaching French at Newton High School since 2001. She has organized and led nine student trips to France, established chapters of the Société Honoraire de Français at both Wichita West and Newton High Schools, supervised four student teachers through Wichita State University, and established a student exchange program between Newton High School and the Lycée Mixte Champ Blanc in Cholet, France.

Nora has attended national and international conventions of the American Association of Teachers of French in Strasbourg, Paris, St. Louis, Denver, Boston, Milwaukee, Baton Rouge, San Jose, and Philadelphia. She made presentations in Paris, Saint Louis, and Denver. She served two three-year terms on the Executive Council of Kansas AATF and currently serves as Secretary-Treasurer. Nora is an active member of the Kansas World Language Association and has made presentations at several KSWLA conferences, including this one.

Congratulations, Nora!

Félicitations!
At last year’s conference, Dr. Elke Lorenz was voted “Best of Kansas” for her session titled “Learning Languages with Art / Mit Kunst Deutsch lernen.” As KSWLA’s “Best of Kansas,” Elke will represent KSWLA at the CSC Convention in Milwaukee, WI in March, 2012. Wir gratulieren!

2011 Loren Alexander Award
Elizabeth Carmen Wilson
Kansas State University

Elizabeth Carmen Wilson was recently selected as the recipient of the Loren Alexander Award for Pre-Service Teachers. She was nominated by Dr. Leah McKeeman. This award is given annually to an outstanding student currently enrolled in a formal teacher-training program in the state of Kansas.

Carmen's enthusiasm for life and learning are best expressed in her own words:

"¡Si se puede!, ¡Si se puede! (Yes, it can be done!) I grew up hearing these words, not knowing the effect they were going to have in my life. I was born and grew up in Lima, Perú. I have two brothers and two sisters. I later lived in Augsburg, Germany, and I had the opportunity to attend my senior year at Augsburg American High School. While living in Augsburg, I met my husband, who was an Army Sergeant. We have five children Sharon, Emily, Josiah, Ana Cristina, and Jonathan. Our house does not have a silent moment, but it is full of joy and hope.

"In the summer of 2009, I enrolled at Kansas State University to fulfill my goal of becoming a Spanish Teacher with an ESL Endorsement. I had the opportunity to spend three wonderful weeks in Guatemala City, Guatemala, where I taught students English as a Second Language. I am part of the BESITOS program and the Honors Program at K-State. As a teacher, I want to motivate and challenge my students to reach their goals. I want to repeat to them the same words I heard during my childhood: ¡Si se puede!"

Congratulations, Carmen! ¡Felicitaciones!

Submitted for approval, July 17 Executive Council Meeting
by Michele Barbian, KSWLA Treasurer
Mike Flenthrope received an undergraduate degree in secondary education from Kansas State University and a Master's degree in education from Mid-America Nazarene University. Mike has taught ELL, Spanish, and FLEX at the secondary level and WL methods at the university level.

After six years of teaching in the classroom, Mike moved to curriculum and instruction. Mike currently works for the Shawnee Mission School district as the World Language and ELL resource specialist. In this role, he coordinates the curriculum and policies for the World Language and ELL departments and programs.

Having worked and lived outside of the United States, Mike has developed a passion and appreciation for world languages and education. Although Mike sometimes misses teaching in the classroom, he is fueled by the empowering and rewarding feeling of working with teachers and administrators. Mike believes that everyone in a school district plays a role in the academic success of students.

Mike currently resides in Olathe, Kansas, with his wife, Jenny, and children Henry, 2 years, and Thomas, 4 months.

Mike is eager to work more closely with KSWLA and the world language educators of Kansas.

Bonnie Orozco is passionate about languages and cultures. She believes that education is not filling a bucket, but lighting a fire in the minds of students. She developed an interest in languages as an undergraduate in her study of linguistics. This sparked a desire to explore world languages and the pursuit of being multilingual.

Bonnie attended Wichita State University, earning a degree with honors in linguistics, and Fort Hays University, graduating with honors, licensed to teach Spanish 7-12. She has taught at the Kansas State Highway Patrol Academy, Barton County Community College and Ellsworth Junior/Senior High School.

Currently at Ellsworth, Bonnie teaches four levels of Spanish. She has developed advanced level courses, began an elementary Spanish exploratory session with cadet teachers from her advanced classes and has served as the secretary for the KS Sunflower Chapter of AATSP.
